

Hello Grovecenter Family & Friends.

I am happy to announce that this year's PTA board members would like to incorporate a **Special V.I.P. SENSORY Hour** by invite only from 5-6 pm for our Father/Daughter and Mother/Son dances.

We want all of our events to feel welcomed and comfortable for ALL of our Grovecenter Eagles.

We understand that some of our students have sensory issues when it comes to large crowds, loud music, or flashing DJ/Photography lights.

So for the first hour of the dance the music will remain low, without any flashing lights and we will accommodate extra time for picture taking with a professional photo friendly setting.

We will also have some eagle alumni volunteers to help us out as a buddy if needed.

We are very excited about this addition to our school dances and hope as a school, our families can support this change.

If you would like additional information please contact:  
Reina Flores, PTA president or  
Carrie Rodarte, PTA parliamentarian
