## PRINCIPAL'S MESSAGE

Hello Northview Familia,

We have had an amazing start to the school year. Our students and staff are all extremely excited to be back on campus and we have many exciting things planned for Northview. This year, we look to focus our resources on providing increased social emotional supports for our students and to increase parent engagement.

We have opened our new Wellness Center on campus and hired a Mental Health and Wellness Counselor, Mr. Francisco Hernandez. As part of this newsletter, Mr. Hernandez will share Wellness Center updates and share emotional wellness tips.

We are in the process of hiring a Student Services Specialist whose primary focus will be to promote positive student behavior and to provide interventions for disciplinary issues that may arise.

We have started hosting grade-level informational meetings to ensure that our families are well-informed about the academic and social well-being of their students while at Northview. Additionally, we recently finalized plans to provide our families with access to the PIQE parent education program.

I'm looking forward to an incredible school year. Si Se Puede!

## Counseling Update

Our Counseling Office has been busy at work to ensure that all of our students are receiving the academic courses necessary for them to be successful and prepared for their college and career goals. Our student enrollment projection for this school year was 1,180 students. By the end of week 2, our student

in-seat attendance was 1,262. This growth in enrollment over the pre-summer projection marks a great opportunity for Northview. More students means that we are able to keep our existing programs at capacity to continue to best serve our student population. Our counseling team is working to process over 350 course schedule change requests. We are doing our best to meet the diverse needs of all of our students. One major change that occurred in the counseling office is the departure of Ms. Secoral Yanez, who is currently the Student Services Specialist at South Hills High School. We welcome our new counselor, Mr. Ruben Casas, a Northview graduate, as our newest counselor. Welcome Mr. Casas.
