2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Workman Avenue Elementary School is located in the City of West Covina and is part of the Covina-Valley Unified School District, which includes nine elementary schools serving grades K-5, three middle schools serving grades 6-8, three comprehensive high schools, and one alternative school. Workman Avenue Elementary School opened in 1956 and currently serves 460 students in Transitional Kindergarten through fifth grade. Workman's student population is represented by 84% Hispanic, 6% Caucasian, 3% Asian, 2% African American, 4% Filipino students and 1% other sub groups. Approximately 22% of our students are English Language Learners. Workman is a Title I Schoolwide School that receives categorical funding from Title I based on its 75% socioeconomically disadvantaged population. The Special Education program consists of two SAI (Specialized Academic Instruction) classes serving students in Kindergarten through fifth grade.

The District strives to maintain a class size of 24 in Kindergarten through third grade. The average class size in fourth and fifth grade is 31 students. Workman's faculty includes regular education teachers, special education teachers, music teachers, physical education teachers, and a Title I Intervention Specialist. Teachers are credentialed and have assignments within their credential authorization. Advanced degrees are held by 42% of the certificated staff. In addition, highly qualified instructional aides assist student learning.

California State Standards and California Common Core State Standards clearly define what students should know and be able to do in Language Arts, Mathematics, Science, and History/Social Science, as well as English Language Development. Workman teachers meet frequently in Professional Learning Communities to discuss best practices, student learning, assessment results, intervention programs, and other instructional topics. Teachers use research-based instructional strategies that promote active involvement of all students. Site priorities are based on ongoing data collection and analysis. Teachers will analyze a variety of data to drive their instruction and measure student progress including: District Interim Assessments, Common Formative Assessments, Accelerated Reader STAR reports, i-Ready Diagnostic Tools, and CAASPP Interim Block Assessments and Summative Assessments.

All teachers have been trained by Code to the Future on Computer Science Immersion and have implemented computer science into the core curriculum. Students have one-to-one computers to utilize both in computer science instructional time and in cross-curricular areas. Parents and community members are invited onto our campus three times per year for showcases to see examples of learning that is taking place in the specific area of computer science.

2021-22 School Overview

All teachers have had training on Effective Lesson Design and Delivery. Teachers will continue to receive ongoing staff development on lesson design and delivery throughout the year to expand their knowledge and increase their implementation of these strategies. Staff development will focus on strategies to help students access the Common Core, including augmenting rigor, text dependent questioning, close reading, Thinking Maps, and Write From the Beginning and Beyond. As a result, all students are expected to develop strong reading, oral, and written communication skills. District Interim Assessments are administered three times a year by the classroom teacher to measure progress toward CA CCSS in English Language Arts and Math. Students determined to be at-risk in reading are monitored monthly by the Principal and Learning Specialist. Assessment data is used to determine placement in intervention programs (RTI Pyramid). Daily thirty minute reading and math intervention blocks are scheduled for at-risk students in TK-5th grade. Placement and effectiveness of the intervention program are reviewed monthly by the Principal and Learning Specialist.

All Workman teachers are certified to work with our English Language Learner population. SDAIE strategies are incorporated into lessons throughout the day to make the content comprehensible for our second language learners. EL students are provided daily leveled ELD, as well as daily reading interventions as needed. We continue to reach out to our EL parents through ELAC, parent workshops, and EL parents meetings.

Parents and community partners provide valuable support and funding to educational programs. Parent participation and involvement in school activities are essential to student success. We continue to expand the number and type of school events in order to encourage and promote parent involvement. School functions include informational meetings, parent trainings, parent/child reading events, and family nights. Events are scheduled during the school day, before and after school, and in the evenings in order to reach a variety of parents. For the past several years, Workman has established a partnership with Christ Church of the Valley/Kaleidoscope Project to provide a variety of after-school activities including tutoring, mentoring, dance, art, and sports. This volunteer-based program provides extra-curricular activities to Workman students at no cost.

WORKMAN VISION STATEMENT

We, the faculty and staff at Workman Elementary School, will be leaders in the educational community, providing a well-rounded and diverse education that promotes lifelong learning and inspires leadership among our students. We will ensure that a safe, nurturing, and challenging environment exists for everyone. Students will gain academic excellence, self-esteem, and pride through achievement and accomplishment. We will serve as the catalyst to strengthen community partnerships, maximizing opportunities for all students to reach their greatest potential.

Workman's top priority is maximizing student learning. Along with our school wide instructional focus on reading comprehension, we will align all programs, professional development opportunities, resources, and parental and community involvement to assist all students to meet or exceed standards on standards-based assessments in all academic subjects. Our curriculum and instruction provide an exemplary and balanced educational program to our students with an emphasis on computer science and coding embedded throughout our curriculum. All students have access to highly qualified teachers who employ a variety of instructional strategies to provide a rigorous standards-based curriculum. Students will benefit from the multitude of experiences they enjoy in computer science, the arts, drama, and athletics.

Workman is resolute in its commitment to close the achievement gap. All students at Workman will flourish given strong instruction and appropriate interventions guided by expert leadership.

Through strong connections, positive relationships and high expectations, a four-year college readiness culture provides a vision for excellence that permeates our school. Students will leave Workman Avenue Elementary School with a heightened awareness of how college is vital to their future success. Students will leave our school with the skills and experiences to compete with other students across the nation.

WORKMAN MISSION STATEMENT

The mission of Workman Avenue Elementary School is to provide a safe, challenging and positive learning environment where all students will acquire the knowledge and skills essential to achieve their full potential and become responsible, productive citizens. All faculty and staff will utilize best educational practices and research-based instructional strategies and hold high expectations of students to meet the needs of all students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Covina-Valley Unified School District ensures that textbooks and materials are sufficient, current and available for each student in all core classes. Covina-Valley Unified School District held a Public Hearing in the fall of 2021 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, and science lab equipment, pursuant to the settlement of Williams vs. the State of California. All students, including English Learners are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom or to take home. The governing Board approves all textbook adoptions for grades TK-12, which includes verification that instructional materials are aligned with California Content Standards and the State Frameworks.

School Facility Conditions and Planned Improvements

Workman Avenue Elementary School was built in 1956 and modernized in 1994. Facilities are situated on 10 acres and span nearly 43,000 square feet. They consist of permanent and portable classrooms, a cafeteria, administrative offices, restrooms, and storage rooms. Recent additions to the school include a portable classroom for the Kids Corner Extended Day Child Care Program. The construction of a new library media center was completed in 2007. This center houses a new library, a presentation center, an updated computer lab for student use and a teacher resource room. The carpet in all portable classrooms was replaced in the summer of 2014. The facility strongly supports teaching and learning through its ample classrooms and playground space.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Workman Avenue Elementary School. Parents volunteer daily to work in the classroom reading with students and helping the teacher to prepare materials. Workman has a very active PTA. Our PTA supports field trips and assemblies for Workman students. In addition, they sponsor family nights and book fairs. Our PTA is also very supportive of our college readiness efforts. This year, Workman has reached 100% PTA membership.

Numerous programs and activities are enriched by the generous contributions made by groups and organizations such as: Christ Church of the Valley, Wells Fargo Bank, Bank of America, Covina Sunrise Rotary Club, Santa Anita Family Counseling, Southern California Gas Company, Target, and Verizon. The school holds many events throughout the school year in which parents and community members can get involved. These events include 100 day celebration, Dr. Seuss Family Literacy Night, Band and Choir Recitals, PTA meetings, volunteering in the classroom, Back-to-School Night, and Family Reading Night.

Workman Avenue Elementary School actively seeks out parental involvement and encourages membership on our School Site Council, PTA Board, English Language Advisory Committee, and Gifted and Talented Advisory Committee.

Parents who wish to participate in Workman Avenue Elementary School's leadership teams, school committees, school activities, or become volunteers may contact school office personnel at (626) 974-4900.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.09	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Safety of students and staff is a primary concern at every school throughout the District. Each school complies with laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted regularly throughout the school year. Each school annually participates in the "Great California ShakeOut". The school's Safe School Plans are reviewed annually by a law enforcement officer (usually our School Resource Officers from West Covina and Covina Police Departments). The document is "fluid" and updates are completed as needed. For example, updates are completed if a school discipline policy is added or modified, changes are made to the campus map, additions and/or modifications are made to the telephone trees, etc. All visitors must check in at the school office and wear a visitor badge while on school grounds. During lunch, recesses, and before and after school, staff members supervise students and school grounds, including the cafeteria and playgrounds, to ensure a safe and orderly environment. The Comprehensive School Safety Plan was developed by administrators, other school staff members, and Los Angeles County Office of Education staff members. It is reviewed, approved, and evaluated by the School Site Council in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include the following: child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policy, and suspension and expulsion policies. The plan is reviewed annually with school staff. An updated copy is available to the public at the school and District Office.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
