2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Merwin Elementary School was opened in 1963 in the City of Covina and serves the communities of Irwindale and unincorporated Covina with an enrollment of just over 500 students. Merwin is part of the Covina-Valley Unified School District, which includes nine elementary schools serving grades K-5, three middle schools serving grades 6-8, three comprehensive high schools, and one alternative school. The campus hosts Covina-Valley Children's Center Extended Care Program, which provides before and after-school child care, and ELEVO, a free-of-charge after-school program open to all school-age students that attend Merwin.

Of Merwin's 411 students, 90% are Hispanic, 4% are White, 4% are Asian, and small percentages exist for other ethnicities. At Merwin Elementary School, over 80% of students are socioeconomically disadvantaged, 15% are English Learners (with the majority speaking Spanish as their native language), approximately 5% are GATE-identified, and just under 15% are Students with Disabilities.

In the 2013-14 school year, Merwin School was recognized as a California Distinguished School and received the Title I Academic Achievement. In 2016, Merwin was recognized as a California Gold Ribbon Award recipient. Most recently, Merwin School was recognized as high performing elementary school by U.S. News and World Report and earned the distinction of a "Pivotal Practice School" by the California Department of Education in 2022. Merwin has developed a systematic approach to address the needs of all students, which involves effective first instruction and an RTI model which addresses universal support, as well as strategic and intensive intervention. Students who are struggling have the opportunity to receive additional instruction in the classroom, attend special learning programs provided by intervention teachers, and participate in computer-based, differentiated learning programs. Several intervention programs are in place to meet the diverse academic needs of students. These interventions include small group instruction in class based on checking for understanding, after-school homework club, and small group tutoring based on student needs. Accelerated Reader, a motivational reading program, and i-Ready, a diagnostic ELA and Math program which delivers adaptive computer instruction is also provided, based on the needs of the students. Merwin Elementary School also promotes a college-bound culture through the implementation classroom colleges, school-wide marketing, and the morning announcements.

Merwin Elementary School is one of nine computer science magnet schools in the Covina-Valley Unified School District. Merwin is a one-to-one school where all students are issued a personalized device and have access to the wifi network. Merwin students are proficient in technology and the use of devices is embedded into our instructional program. Additionally, all

2022-23 School Overview

students use their 21st Century skills of collaboration, critical thinking, creativity, and communication in an environment where technology is supported.

The Merwin staff is highly qualified, with 100% of the teaching staff NCLB compliant, fully credentialed, and CLAD certified (or its equivalent). Our staff includes three Special Education teachers in our SDC and RSP programs. We also have a full-time Speech/Language Pathologist, School Psychologist, and visiting P.E. and Music teachers. Merwin also has a Title I Reading Intervention Specialist, as well as a Math Intervention Specialist, who supports teachers with small group instruction to students with the highest areas of need.

The staff at Merwin Elementary School is committed to preparing all students for success in the 21st Century. We believe every child deserves the opportunity to be educated in a way that prepares them for college. We know each student is capable of meeting the rigorous Common Core standards. We know we have the power to make each student's success a reality. To provide the skills necessary, we are using innovative instructional strategies to support all student learning. Using technology throughout the day is evident when walking through classrooms. Both teachers and students are actively engaged in the learning process. Our teachers collaborate to provide students with a daily universal access block of time for intervention and acceleration activities. Also, our teachers meet in PLC meetings to align curriculum, pace their instruction, plan and review assessment results to guide instruction and universal access time, monitor student response to intervention, plan lessons and participate in professional development activities.

Our parents and PTA are very important partners in our students' education. Our parents volunteer in the classroom, organize special events and raise funds to provide field trips, assemblies, and extracurricular events.

At Merwin, we take the education and social/emotional development of our students seriously and are dedicated to providing a rigorous academic program preparing students for success in college, career, and beyond!

MERWIN'S VISION AND MISSION STATEMENT

Everyone involved in Merwin believes that the academic potential of each student is tremendous. We are committed to creating a school that knows no limits to the academic success of each student.

Shared Commitment: Teachers at Merwin Elementary School pledge to:

- accept no limits on the learning potential of any child
- meet the individual learning needs of each child
- create rigorous classroom learning environments
- treat students, parents, and colleagues with courtesy and respect
- hold students, parents, and colleagues to the highest standards of performance
- collaborate regularly with colleagues to seek and implement more effective strategies for helping each child achieve his or her academic potential
- do whatever it takes - go the extra mile - to ensure that every student achieves or exceeds grade-level academic expectations

The staff at Merwin Elementary School will collaborate to ensure that all students show measurable growth in their ability to read and comprehend text at grade level or above, as the result of instruction that incorporates research-based strategies.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Covina-Valley Unified School District ensures that textbooks and materials are sufficient, current and available for each student in all core classes. Covina-Valley Unified School District held a Public Hearing in the fall of 2022 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, and science lab equipment, pursuant to the settlement of Williams vs. the State of California. All students, including English Learners are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom or to take home. The governing Board approves all textbook adoptions for grades TK-12, which includes verification that instructional materials are aligned with California Content Standards and the State Frameworks.

School Facility Conditions and Planned Improvements

Merwin Elementary School was built in 1963 and modernized in 2005. Facilities are situated on 10 acres and span 37,500 square feet. They consist of permanent and portable classrooms, a cafeteria, administrative offices, restrooms, a library/media center, a childcare facility, and storage rooms. The completed facility improvement projects at Merwin Elementary School include the upgrade of all permanent classrooms, school communication systems, a new library/media center with computer lab and workroom, upgraded technology in all classrooms, new playground equipment and hardtop, and a new parking lot. An LAUP preschool was established in the fall of 2008. The facility strongly supports teaching and learning through its ample classrooms and playground space. All portable classrooms received new carpet in the summer of 2014.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parents and the community are supportive of the educational program at Merwin Elementary School. Numerous programs and activities are enriched by the generous contributions made by the following groups and organizations: Merwin PTA, Operation School Bell, Operation Santa Clothes, Irwindale Public Library, Covina Public Library, West Covina Public Library, Covina-Valley Children's Center, Irwindale Police Department, Covina Police Department, McDonald's, Ralphs, Shakey's, Chick-Fil-A, Vons, California Dairy Council, Los Angeles Music Center, Tri-Community Adult Education, McKinley Children's Center, Dr. Copeland's Writing Contest, Covina Sunrise Rotary, Vulcan Materials Company Western Division, In-N-Out, and many other local businesses and agencies.

Merwin conducts many events throughout the school year in which parents and community members can become involved. These events include the Health and Safety Fair, Book Fairs, Back to School Night, Open House, Holiday Programs, and Parent Nights. The weekly school newsletter, teacher communications, the school website, social media posts, ParentSquare, PTA newsletters, and various print flyers are communication efforts to keep the home and school connected. Child care and translation services are provided for special events.

Additionally, parent education courses offered through PIQE and the school site connect parents with the school to focus on their children's education.

Parents who wish to participate in Merwin Elementary School's leadership teams, school committees, school activities, or become volunteers may contact school office personnel at (626) 472-7660.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

Safety of students and staff is a primary concern at every school throughout the Covina-Valley Unified School District. Each school complies with laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted regularly throughout the school year. Each school annually participates in the "Great California ShakeOut". The school's Safe School Plans are reviewed annually by a law enforcement officer (usually our School Resource Officers from West Covina and Covina Police Departments). The document is "fluid" and updates are completed as needed. For example, updates are completed if a school discipline policy is added or modified, changes are made to the campus map, additions and/or modifications are made to the telephone trees, etc. All visitors must check in at the school office and wear a visitor badge while on school grounds. During lunch, recesses, and before and after school, staff members supervise students and school grounds, including the cafeteria and playgrounds, to ensure a safe and orderly environment. The Comprehensive School Safety Plan was developed by administrators, other school staff members, and Los Angeles County Office of Education staff members. It is reviewed, approved, and evaluated by the School Site Council in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include the following: child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policy, and suspension and expulsion policies. The plan is reviewed annually with school staff. An updated copy is available to the public at the school and District Office.
