INDEPENDENT AUDITOR'S REPORT

Governing Board and
Citizens' Oversight Committee
Covina-Valley Unified School District
Covina, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Covina-Valley Unified School District's (the District), Building Fund (Measure CC), as of and for the year ended June 30, 2018, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to error or fraud. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Building Fund (Measure CC) of the Covina-Valley Unified School District at June 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Building Fund specific to Measure CC, and are not intended to present fairly the financial position and changes in financial position of Covina-Valley Unified School District in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 6, 2018, on our consideration of the District's Building Fund (Measure CC) internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's Building Fund (Measure CC) internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Building Fund (Measure CC) internal control over financial reporting and compliance.

COVINA-VALLEY UNIFIED SCHOOL DISTRICT BUILDING FUND (MEASURE CC)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Covina-Valley Unified School District Building Fund (Measure CC) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA). The Covina-Valley Unified School District Building Fund accounts for financial transactions in accordance with the policies and procedures of the California School Accounting Manual.

Financial Reporting

The financial statements include only the Building Fund (Measure CC) of the Covina-Valley Unified School District used to account for Measure CC projects. This Fund was established to account for the expenditures of general obligation bonds issued under the Measure CC. These financial statements are not intended to present fairly the financial position and results of operations of the Covina-Valley Unified School District in compliance with accounting principles generally accepted in the United States of America.

Fund Accounting

The operations of the Building Fund (Measure CC) are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Basis of Accounting

The Building Fund (Measure CC) is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

COVINA-VALLEY UNIFIED SCHOOL DISTRICT BUILDING FUND (MEASURE CC)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances lapse at June 30.

Fund Balance - Building Fund (Measure CC)

As of June 30, 2018, the fund balance of the Building Fund (Measure CC) is classified as follows:

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Spending Order Policy

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the governing board has provided otherwise in its commitment or assignment actions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - INVESTMENTS

Policies and Practices

The District is authorized under *California Government Code* to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instrument; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreement; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security, and collateralized mortgage obligations.

**COVINA-VALLEY UNIFIED SCHOOL DISTRICT
BUILDING FUND (MEASURE CC)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statement at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Los Angeles County Treasury Investment Pool. The District maintains a Building Fund (Measure CC) investment of \$18,181,121 with the Los Angeles County Treasury Investment Pool, with an average maturity of 609 days.

COVINA-VALLEY UNIFIED SCHOOL DISTRICT BUILDING FUND (MEASURE CC)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2018

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the Los Angeles County Treasury Investment Pool is not required to be rated, nor has been rated as of June 30, 2018.

NOTE 3 - FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Los Angeles County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The District's fair value measurements are as follows at June 30, 2018:

Investment Type	Fair Value	Uncategorized
Los Angeles County Treasury Investment Pool	\$ 17,937,574	\$ 17,937,574

**COVINA-VALLEY UNIFIED SCHOOL DISTRICT
BUILDING FUND (MEASURE CC)**

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 4 - ACCOUNTS RECEIVABLE

The accounts receivable balance at June 30, 2018, in the amount of \$111,991, represents interest earnings that have yet to be received. All amounts have been determined by management to be fully collectable.

NOTE 5 - ACCOUNTS PAYABLE

Accounts payable at June 30, 2018, consisted of the following:

Salaries and benefits	\$ 4,191
Capital outlay	1,386,267
	<u>\$ 1,390,458</u>

NOTE 6 - FUND BALANCE

Fund balance is composed of the following element:

Restricted	
Capital projects	<u>\$ 16,902,654</u>

NOTE 7 - COMMITMENTS AND CONTINGENCIES

As of June 30, 2018, the Building Fund (Measure CC) had the following commitments with respect to unfinished projects:

Capital Project	Remaining Construction Commitment	Expected Date of Completion
Assessment public key infrastructure	\$ 24,910	June 2019
Covina, Northview, and South Hills High Schools' cafés	1,293,850	June 2019
Covina, Northview, and South Hills High Schools' QZAB projects	4,596,790	June 2019
District-wide flooring installation	158,735	June 2019
District-wide cabling and cameras	704,827	June 2019
	<u>\$ 6,779,112</u>	

Litigation

The District is not currently a party to any legal proceedings related to the Building Fund (Measure CC) at June 30, 2018.

INDEPENDENT AUDITOR'S REPORT

VAVRINEK, TRINE, DAY & CO., LLP
Certified Public Accountants

VALUE THE *difference*

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Governing Board and
Citizens' Oversight Committee
Covina-Valley Unified School District
Covina, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Covina-Valley Unified School District (the District) Building Fund (Measure CC), as of and for the year ended June 30, 2018, and the related notes of the financial statements, and have issued our report thereon dated December 6, 2018.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Building Fund specific to Measure CC, and are not intended to present fairly the financial position and changes in financial position of Covina-Valley Unified School District in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered District's Building Fund (Measure CC) internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of District's Building Fund (Measure CC) internal control. Accordingly, we do not express an opinion on the effectiveness of District's Building Fund (Measure CC) internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's Building Fund (Measure CC) financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be, significant deficiencies or material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Covina-Valley Unified School District's Building Fund (Measure CC) financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's Building Fund (Measure CC) internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Building Fund (Measure CC) internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON PERFORMANCE

Governing Board and
Citizens' Oversight Committee
Covina-Valley Unified School District
Covina, California

We were engaged to conduct a performance audit of the Covina-Valley Unified School District (the District) Building Fund (Measure CC) for the year ended June 30, 2018.

We conducted this performance audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

The results of our tests indicated that the District's Building Fund (Measure CC) funds are in compliance with Proposition 39 as outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution.

Vavrinek, Trine, Day & Co., LLP

Rancho Cucamonga, California
December 6, 2018

COVINA-VALLEY UNIFIED SCHOOL DISTRICT BUILDING FUND (MEASURE CC)

JUNE 30, 2018

AUTHORITY FOR ISSUANCE

The general obligation bonds associated with Measure CC were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California Education Code, and other applicable provisions of law. The bonds are authorized to be issued by a resolution adopted by the Board of Supervisors of the County on May 30, 2013 (the Resolution), pursuant to a request of the District made by a resolution adopted by the Board of Education of the District on March 18, 2013.

The District received authorization from an election held on November 6, 2013, to issue bonds of the District in an aggregate principal amount not to exceed \$129,000,000 to finance the repair, upgrading, acquisition, construction and equipping of certain District property and facilities and pay the costs of issuing the Series A Bonds as approved by eligible voters within the District. The proposition required approval by at least 55 percent of the votes cast by eligible voters within the District (the 2006 Authorization). The bonds represent the first and second series of the authorized bonds to be issued under the 2006 Authorization.

PURPOSE OF ISSUANCE

The net proceeds of the Bonds and any other series of general obligation bonds issued under the Authorization will be used for the purposes specified in the District bond proposition submitted at the Election, which include upgrading and constructing classrooms, science labs and computer systems; providing equipment for classes; improving and building athletic, music, visual and performing art facilities; upgrading and repairing roofs, floors, plumbing and electrical systems; upgrading fire alarms, sprinklers, and handicap accessibility.

The ballot language for the Bonds read as follows:

"To better prepare students for college and good-paying careers by upgrading classrooms, science labs, and instructional technology needed for improved teaching, repair/replace leaky roofs, worn-out floors, plumbing and faulty electrical systems, acquire/construct/renovate sites/facilities/equipment to meet modern academic standards; improve energy efficiency saving money and supporting instruction, shall Covina Valley Unified School District issue \$129,000,000 in bonds at legal rates, with independent citizen oversight, no money for administrators, and all money staying local?"

COVINA-VALLEY UNIFIED SCHOOL DISTRICT BUILDING FUND (MEASURE CC)

JUNE 30, 2018

AUTHORITY FOR THE AUDIT

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55 percent of the electorate. In addition to reducing the approval threshold from two-thirds to 55 percent, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.
2. The school district must list the specific school facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety, class size reduction, and information technology needs in developing the project list.
3. Requires the school district to appoint a citizens' oversight committee.
4. Requires the school district to conduct an annual independent financial audit and performance audit in accordance with the Government Auditing Standards issued by the Comptroller General of the United States of the bond proceeds until all of the proceeds have been expended.
5. Requires the school district to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

OBJECTIVES OF THE AUDIT

1. Determine whether expenditures charged to the Building Fund (Measure CC) have been made in accordance with the bond project list approved by the voters through the approval of Measure CC.
2. Determine whether salary transactions, charged to the Building Fund (Measure CC) were in support of Measure CC and not for District general administration or operations.

SCOPE OF THE AUDIT

The scope of our performance audit covered the period of July 1, 2017 to June 30, 2018. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2018 were not reviewed or included within the scope of our audit or in this report.

COVINA-VALLEY UNIFIED SCHOOL DISTRICT BUILDING FUND (MEASURE CC)

JUNE 30, 2018

PROCEDURES PERFORMED

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2018 for the Building Fund (Measure CC). Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and Measure CC as to the approved bond projects list. We performed the following procedures:

1. We selected a sample of expenditures for the period starting July 1, 2017 and ending June 30, 2018, and reviewed supporting documentation to ensure that such funds were properly expended on the specific projects listed in the ballot text.
2. Our sample included transactions totaling \$8,961,966. This represents 56 percent of the total expenditures of \$15,976,587.
3. Based on our testing, we verified that funds from the Building Fund (Measure CC) were expended for the construction, renovation, furnishing, and equipping of District facilities constituting authorized bond projects. In addition, we verified that funds held in the Building Fund (Measure CC) were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004, by the State of California Attorney General.

CONCLUSION

The results of our tests indicated that, in all significant respects, the Covina-Valley Unified School District has properly accounted for the expenditures held in the Building Fund (Measure CC) and that such expenditures were made for authorized Bond projects. Further, it was noted that funds held in the Building Fund (Measure CC), and expended by the District, were used for salaries of administrators only to the extent they perform administrative oversight work on construction projects as allowable per Opinion 04-110 issued on November 9, 2004, by the State of California Attorney General.
