Supplemental Information

COLLEGE ENTRANCE EXAMS- SAT AND ACT

Some colleges require that you take an entrance exam. Check with the college you are interested in attending to find out which exams are necessary. Both the ACT and SAT testing programs offer preliminary tests that help you assess your skills and decide which test is best for you in your college planning. Fee waivers are available by contacting the South Hills Counseling Office.

Many colleges do not require SAT or ACT as a component of admission, especially for the class of 2021, due to COVID-19. Please refer to each university's requirements or this [fairtest.org](https://www.fairtest.org) to find SAT/ACT Optional 4 year colleges.

Kaplan offers a nice breakdown of the differences between the two tests here. Below is a brief description of the testing program. Visit the testing program websites for more information about the tests, preparation, and sample questions and using your scores for college and career planning.

Register for the SAT

SAT

The College Board offers the SAT, SAT Subject Tests, and the PSAT. The SAT includes Evidence-Based Reading, Mathematics, and an optional Essay. Typically, students take the SAT test as juniors and/or seniors, and may take a Subject Test after studying a specific subject.

The SAT tests the skills you are learning in school: reading, writing and math.

- Evidence-Based Reading and Writing: Includes reading passages and improving sentence grammar and usage
- Mathematics: Heart of Algebra, Problem Solving and Data Analysis, Advanced Math
- Essay (Optional): Includes a 50-minute timed essay analyzing a source

ACT

The ACT college admission test is accepted by nearly all 4-year colleges and universities in the United States. The ACT is a national college admissions examination that consists of tests in 4 subject areas, plus an optional writing test.

Mental Health

Throughout the last 11 months, it's easy to say things have changed a lot. Before the Coronavirus pandemic flipped everything upside down it was easy to stay distracted from many of the internal struggles that every person goes through daily. For nearly a year, feelings of loneliness and isolation have resounded through the entire world as we were all told to stay in our homes and were denied the ability to go to school, play sports, and hang out with friends. Fear, anxiety, and depression have been on the rise, causing a serious need for mental help in people of all ages. Although there is no one way to help everyone's mental health, there are many different ways that have been shown to help, along with improving productivity and motivation to complete everyday tasks.

One way is to pick up a new hobby such as painting, writing, reading, or playing an instrument. Activities like these are shown to put people in a calm state of mind and work as a sort of meditation. Another way to help improve your mental health is to explore online social interactions like video games and social media platforms. Online connections may not be the same as those you make when you're face-to-face with another person, but for many it is easier to get to know people when in a setting of common interest.

“Dear Ms. Yanez,

I feel extremely grateful to have you as my high school counselor.

Thanks so much for your advice! You are always so generous with your help and time. Without all of your advice and great suggestions about which colleges to apply for, I might have missed out on so many wonderful possibilities. Once I receive letters of acceptance from the universities that I applied to, I will return to your office to let you know which opportunities I have been presented with. Hopefully, you can continue to advise and counsel me on which college is the best choice for me and my particular major. Again, thank you so much for your helpful advice!”

"Sra. Yanez,

Me siento muy agradecida de tenerte como mi consejera de secundaria. ¡Muchas gracias por tu consejo! Siempre eres tan generosa con tu ayuda y tiempo. Sin todos sus consejos y grandes sugerencias sobre qué universidades solicitar, podría haber perdido tantas posibilidades maravillosas. Una vez que reciba cartas de aceptación de las universidades a las que solicité, volveré a su oficina para hacerle saber qué oportunidades se me han presentado. Con suerte, usted puede seguir aconsejando me sobre qué universidad es la mejor opción para mí y mi especialidad en particular. Una vez más, muchas gracias por sus consejos!"

“Thank you Mrs. Marshall for everything you’re doing for everyone. I know it might be hard for you guys sometimes, but I appreciate what you do. All the advice you give to students, Thank you for your time and have a nice day (: that’s a smiley face.”

"Gracias señora Marshall por todo lo que está haciendo por todos nosotros. Sé que puede ser difícil para ustedes a veces, pero aprecio lo que hacen por todos los consejos que da a los estudiantes. Gracias por su tiempo y que tengas un buen día (: esa es una cara sonriente."

“With a sincere heart, Thank you, Ms. Jackson. Your advice and guidance helped me think through my situation. I really appreciate the effort and time you invested in me. Your genuine desire to help me become a better student, made my high school experience that much better. Once again, thank you for your words of wisdom and helping me navigate towards a successful high school experience.”

"Con un corazón sincero, gracias, Sra. Jackson. Su consejo y guía me ayudó a pensar en mi situación. Realmente aprecio el esfuerzo y el tiempo que invertiste en mí. Su deseo genuino de ayudarme a convertirme en un mejor estudiante, hizo que mi experiencia en la escuela secundaria sea mucho mejor. Una vez más, gracias por sus palabras de sabiduría y ayudándome a navegar una experiencia exitosa en la escuela secundaria".

“I am thankful that I got Mrs. Humphreys as my counselor. Since I got transferred from Pomona High School to Northview High School, she has been guiding me to do better. Ever since I’ve had her help, my grades went from all F’s to A’s and B’s. I never had anyone that wanted to help me do better while I was in Pomona High School, they wouldn’t care if their students failed. But over here you get help no matter what and Northview wants you to succeed and get ready for college.”

"Estoy agradecido de haber conseguido la señora Humphreys como mi consejera. Desde que me transfirieron de la Escuela Secundaria Pomona a Northview, ella me ha estado guiando para hacerlo mejor. Desde que he tenido su ayuda, mis calificaciones pasaron de todas las F a las de A y B. Nunca tuve a nadie que quisiera ayudarme a hacerlo mejor mientras estaba en Pomona, no les importaría si sus estudiantes fallaban. Pero aquí obtienes ayuda sin importar lo que pase y Northview quiere que tengas éxito y te prepares para la universidad".
