School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Barranca Elementary School	19644366012439	December 12, 2024	January 09, 2025

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Barranca Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

# Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Barranca Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

## Purpose:

The School-Wide Plan (SWP) aims to elevate student achievement for all students, with a particular focus on those not meeting academic standards. By fostering innovative, positive environments, the SWP enhances connections between students and their learning experiences.

## Components:

- 1. Comprehensive Needs Assessment:** Identifying areas requiring urgent attention and resources.
- 2. Reform Strategies:** Implementing methods to close achievement gaps and boost proficiency levels.
- 3. Highly Qualified Teachers:** Ensuring all instructors meet high professional standards.
- 4. Professional Development:** Providing continuous learning opportunities for staff.
- 5. Parental Involvement:** Engaging families in educational processes and decision-making.
- 6. Transition Plans:** Supporting students during key educational transitions.
- 7. Teacher Assessment Involvement:** Engaging educators in developing and reviewing assessments.
- 8. Coordination of Programs:** Efficient integration of various educational services and programs.

## Governance and Educational Partner Engagement:

The School Site Council (SSC) plays a critical role in developing, reviewing, and annually updating the School Plan for Student Achievement (SPSA), including managing the budget and making necessary plan adjustments. Involvement extends to parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, as mandated by 5 California Code of Regulations (3932).

## CSI and ATSI Planning:

- **CSI Planning:** This plan is specifically designed to meet federal CSI planning requirements for a school eligible for CSI. It details targeted strategies and interventions aimed at addressing the needs identified through comprehensive assessments, focusing on substantial improvements in academic outcomes.
- **ATSI Planning:** For a school eligible for ATSI, this plan serves to meet federal ATSI planning requirements, focusing on targeted supports for subgroups of students identified as underperforming to ensure that disparities in achievement are addressed effectively.

## Parent and Community Involvement:

- **Support for Parental Activities:** Parental involvement activities are shaped by annual input from the District Advisory Committee (DAC), District English Learner Advisory Committee (DELAC), District Town Hall Meetings, and LCAP Advisory groups. This input helps identify family engagement needs, leading to collaborative district priorities and initiatives planning.

- **Informed Parent Participation:** Parents have opportunities for informed participation, with accommodations for those with disabilities. School documents and meetings are accessible in Spanish and other languages upon request, ensuring ADA compliance.
- **Communication:** The district uses translators for school communications and employs outreach liaisons and EL Specialists to facilitate parent education and information sessions in Spanish at school sites.

**Alignment with Federal and State Mandates:**

The SPSA aligns with ESSA requirements and integrates elements of Compensatory Education, focusing on maximizing federal investments to support underserved students. It aligns with district priorities outlined in the LCAP, focusing on data-driven professional development and instructional planning to promote equitable outcomes.

**Title I Implementation:**

All nine elementary schools, three middle schools, and one continuation high school operate school-wide Title I programs. Each school conducts an annual needs assessment, reviewing data to identify strengths and weaknesses and brainstorming improvement strategies. These assessments inform each site's SPSA, which outlines the use of Title I funds for initiatives like reading and math interventions, professional development, and supplemental learning materials.

This comprehensive approach ensures that our school meets state and federal requirements and aligns with our commitment to providing a high-quality, equitable education for all students, with robust involvement from our educational partners and the community.

## Educational Partner Involvement

How, when, and with whom did Barranca Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

**Involvement Process for the SPSA and Annual Review and Update**

Meaningful involvement of parents, students, faculty, staff, and the broader community is essential to the development and continual improvement of the Single Plan for Student Achievement (SPSA). Our district engages a diverse array of educational partners to ensure the plan is comprehensive and responsive to the needs of all students.

**Annual Cycle of Engagement**

**August - September: Review and Identify Needs**

- The School's Leadership Team, comprising administrators and teachers, reviews student achievement data to identify critical areas for improvement and summarize significant findings.
- The School Site Council (SSC), English Learner Advisory Committee (ELAC), and Title I parents provide input on the SPSA goals and the strategies/activities planned, including Title I expenditures.
- Notices in multiple languages facilitate communication with parents, and meetings are scheduled at various times to ensure broad participation.

**October/November: Define Goals and Strategies**

- The entire school faculty engages in discussions about the impact of various activities on student achievement, fostering a collaborative environment for sharing insights and strategies.
- Input continues to be gathered from district liaisons, SSC, ELAC, and Title I parents to refine the SPSA goals and corresponding strategies/activities.

## December/January: Plan Approval

- The finalized plan, incorporating all stakeholder feedback, is submitted for approval to the SSC. District personnel assist with necessary revisions to ensure compliance and quality before submission to the local governing board in January.

## January - April: Implementation and Monitoring

- Following approval, the specified purchases and implementations of the plan are executed. The effectiveness of the SPSA is monitored through the use of observational tools and focused classroom walkthroughs.
- Meetings with the SSC and district liaisons discuss ongoing updates and modifications to the plan to ensure it remains effective and relevant.

## May/June: Annual Review and Program Evaluation

- At the end of the academic year, school leaders conduct a thorough review of the plan's effectiveness using evidence from educational partner surveys, classroom walkthroughs, and district formative assessments.
- Feedback from this evaluation is shared with the SSC and ELAC, who provide further recommendations. This crucial step informs the refinement of goals and the adjustment of strategies/activities for the next academic year.

## Additional Requirements for CSI and ATSI

For schools undergoing Comprehensive Support and Improvement (CSI) or Additional Targeted Support and Improvement (ATSI), the district ensures that the development and implementation of the SPSA are in close partnership with the school and its educational partners, aligning with specific requirements to support these statuses.

This framework outlines a comprehensive and inclusive approach to involving educational partners in the SPSA process, ensuring that the plan reflects diverse community needs and is a strategic tool for enhancing student achievement.

# Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

## Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

### California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

English Learner Progress (10.2% of student population are English Language Learners and 43.2% of English Language Learners are making adequate progress).

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

Students with Disabilities (Performing at 109.8 points Below Standard - 32 students)

## Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

### Data Analysis

Please refer to the School and Student Performance Data section, where analysis with conclusions is provided.

In creating this plan, we conducted thorough data analyses using a variety of outcome, process, perceptual, and demographic data. Careful attention is paid to California Dashboard Data and the goals related to data found in our district LCAP. Teachers have been provided collaborative data analysis and planning time utilizing Focused Schools Instructional Leadership Teams, Du Four's Professional Learning Communities model.

### Surveys

This section describes the surveys (e.g., Student, Parent, and Teacher) used during the school year and summarizes the survey(s)'s results.

Information collected was shared with educational partners through Superintendent Town Hall meetings, DELAC and LCAP advisory groups, and Parent Square updates. A review of the data provided the district with feedback in preparing multiple plans.

Additionally, a district-wide parent survey was administered in English and Spanish each spring. Survey questions included parent feedback and opinions in the following areas:

- Student participation in school activities
- Parent participation in school activities
- District and school priorities
- Parent communication preferences

Information collected was shared with staff and the SSC/ELAC. A review of all surveys provided the district with areas of strength and need. In the present school year, we plan to focus on the following areas in addition to the goals specified within this plan:

- Writing and Mathematics
- Student academic support
- Social-emotional support

The TK-12 parent survey and WASC parent survey findings are utilized to celebrate successes and to determine parent involvement needs. Parents, community representatives, classroom teachers, and other school personnel are involved in the planning, implementation, and evaluation of consolidated application programs (5 CCR 3932).

### Classroom Observations

Throughout the year, teachers, principals, and district administrators participate in classroom walk-throughs and coaching activities. Teachers visit classrooms to verify evidence of site best teaching practices.

Administrators visit classrooms for both formal and informal observations. Highlights identifying best practices from walkthroughs are shared with all staff. Classrooms are also monitored through the formal evaluation process. Observation and evaluation forms are based on the California Standards for the Teaching Profession.

### Analysis of Current Instructional Program

In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant student groups as well as individual students who are:

- Not meeting performance goals
- Missing performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on data. Each school plan examines the status of these findings and note the progress made. Special consideration is given to any practices, policies, or procedures found to be non-compliant through ongoing monitoring of categorical programs.

### Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESSA).

At the beginning of the school year, teachers, the School Site Council, ELAC, and the principal review and analyze state-mandated test results from the previous year. Where applicable, multi-year trends are identified. Focus groups are identified. This is a powerful part of the school's Annual Review of the SPSA.

Data is used to monitor student progress on curriculum-embedded assessments and modify instruction.

Teachers meet during collaborative team meetings to do the following:

- Establish instructional focus, best practices, and SMART goals
- Develop common formative assessments
- Review student data as well as student work samples
- Plan for ongoing differentiated instruction
- Establish strategic and intensive interventions for students who need extra time to meet proficiency standards

Teacher collaboration by grade level/department level occurs through both regular planning time and dedicated staff meetings.

### **Staffing and Professional Development**

Status of meeting requirements for highly qualified staff (ESSA)

Covina-Valley strives to provide highly qualified staff for all students at all school sites. Teacher qualifications are monitored using data from the California Department of Education and our Covina-Valley Personnel Department. The California Equity Tools were completed for all Covina-Valley Unified School District schools. The District's goal is to hire teachers with the appropriate credentials for their given assignment using hiring and recruitment strategies included in the Equitable Access Strategy Development Resource available from the California Department of Education. In addition, new teachers in Covina-Valley participate in additional professional development, are assigned a mentor teacher at the school site to provide support, and are closely monitored by site administrators to ensure effective teaching. If ineffective/mis-assigned or out-of-field teachers become a concern in the future, the Personnel Department would develop a plan with the site administrator, School Site Council, Site Leadership Team, and Board of Education to assist teachers in completing credential work or reassigning the teachers. Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional material) (EPC).

Covina-Valley's goal is to hire highly qualified staff with full credentials for the subjects they teach, including those for teaching English Learners. (CLAD) Teachers are provided professional development that includes, as appropriate, SBE-adopted instructional materials. Title I Professional Development is provided to teachers and administrators in the following areas: Focused Schools-Instructional Leadership Teams, best teaching practices, goal setting, and goal monitoring (Title II Funded), Steve Ventura- Achievement Team/PLC Training, standards analysis, pre- and post-assessments (Title II/LCAP Funded). LCAP funds are used to expand Professional Development, including UCI Math Project-Standards analysis, pacing, hands-on math instruction (LCAP Funded), Thinking Maps and Write from the Beginning and Beyond- 8 Thinking Maps linked to thought processes, writing instruction based on Thinking Maps (LCAP Funded), Science, Technology, Engineering, and Mathematics (LCAP Funded), ELD Coach- Coach provides training, assistance with planning, and in-class coaching for teachers in the area of English Language Development (LCAP and Title III

Funded), and much more, including Google, Microsoft, NGSS, supplemental programs, dual language, social/emotional, behavioral, and Career Technical Education (LCAP Funded).

Alignment of staff development to content assessed student performance, and professional needs (ESSA).

Covina-Valley Unified provides robust professional learning for all staff. Each year, professional development is planned using the District's three LCAP goals: research on best teaching practices, data on student performance, and additional Dashboard data. This information is teamed with professional development feedback surveys and session evaluations from teachers, administrators, and classified staff. Covina-Valley's professional development system focuses on long-term commitments to research-based programs like professional learning communities, Thinking Maps, and goal setting. Training is differentiated for new and veteran teachers within these professional development areas. The long-term programs are evaluated and adjusted yearly based on feedback and student performance data. For example, the district has completed training all K-5 teachers on the use of Thinking Maps; however, new teachers are hired each year that need training. We have developed a training cycle, and new teachers receive professional development each year until they are fully trained. Professional growth is measured through teacher session evaluations and student growth in the areas of professional development.

All staff development is aligned to the Local Control Accountability Plan (LCAP) and Common Core State Standards, assessed student performance and professional needs.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC).

High-quality professional development and coaching for site instructional leadership teams, made up of teachers and administrators, is provided by Focused Schools. This professional development involves the strategic implementation of focused, evidence-based strategies. Additional professional development is offered depending on grade level, subject, and related experience. New teachers are linked with a veteran teacher-coach to welcome them to the district and assist with the completion of the teacher's university-based induction program and the navigation of district expectations. New teachers receive training on the curriculum and supplemental programs, including Thinking Maps and Write from the Beginning and Beyond. All teachers and administrators participate in 3 district-wide professional development days and additional training according to their school site, grade level, or subject area. Administrators: All principals receive one-on-one coaching, and new principals receive additional coaching, and a Focused Schools change of principal workshop with site staff. All principals participate in monthly professional development and four district-wide administrator professional development days. In addition, administrators learn alongside teachers by participating in teacher professional development opportunities. Covina-Valley builds leadership capacity by offering teacher leadership opportunities outside the classroom, including PLC leaders, Tech Mentors, ELD Coordinators, etc. All teacher leaders work closely with their site principal to develop leadership skills. We also added entry-level leadership positions, including an elementary assistant principal and a secondary dean. Entry-level administrators are paired with a veteran administrator coach to help guide them through the transition to leadership. All teachers and administrators participate in 3 district-wide professional development days and additional training for their school site, grade level, or subject area.

Teacher collaboration by grade level (K through grade 8 and department (grades 9-12).

Teachers meet during collaborative team meetings to do the following:

- Establish instructional focus, best practices, and SMART goals
- Develop common formative assessments
- Review student data as well as student work samples
- Plan for ongoing differentiated instruction
- Establish strategic and intensive interventions for students who need extra time to meet proficiency standards

Teacher collaboration by grade level/department level occurs through both regular planning time and dedicated staff meetings.

### **Teaching and Learning**

Alignment of curriculum, instruction, and materials to content and performance standards (ESSA).

Curriculum, instruction, and materials are aligned to Common Core State Standards for content areas. The curriculum is adapted from the state-approved adoption list and vetted by a committee of teachers and administrators for alignment with standards and academic rigor.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K-12).

Instructional minutes for reading/language arts and mathematics adhere to, and many exceed, state recommendations (ESSA, see K-5 SARC).

Lesson pacing schedule (K-8) and master schedule flexibility for sufficient numbers of intervention courses (EPC).

District pacing guides (TK-5) and master schedules (6-12) allow for student intervention and reteaching throughout the school year. Tier I Intervention is provided by classroom teachers. At K-5 schools, a Title I Intervention Teacher provides Tier 2 and 3 Intervention.

Availability of standards-based instructional materials appropriate to all student groups (ESSA).

All instructional materials are standards-based and available to all staff and students. Covina-Valley continues to receive sufficient reports on Williams requirements.

Availability of SBE-adopted and standards-aligned instructional materials, including intervention materials, and high school students, access to standards-aligned core courses.

SBE-adopted and standards-aligned instructional materials, including intervention materials, are available for all subjects and grade levels. (see RTI Pyramids and SARC) Transition plans to Next Generation Science Standards are created and utilized by teams of TK-12 teachers.

### **Opportunity and Equal Educational Access**

Services provided by the regular program that enable underperforming students to meet standards (ESSA).

Services provided to enable underperforming students to meet standards (see Intervention Pyramids)

- Differentiated instruction allows for additional time and support for students who are not meeting standards
- Students benefit from the Response to Intervention (RTI) model, in which student outcomes are routinely reviewed to determine student needs in terms of strategic or intensive interventions, academic enhancement, and/or referral to the Student Success Team
- Student Success Teams ensure that an individual plan is developed so that underperforming students receive the resources and services needed
- TK-5 learning specialists and TK-12 classroom teachers provide strategic interventions to assist students in meeting standards
- Counseling services are provided on campus and through a variety of community resources
- Opportunities for increased learning time (Title I SWP)
- Use of highly qualified instructional aides to support classroom instruction
- Interventions are provided during the school day whenever possible; additional interventions are provided before and after school.

Evidence-based educational practices to raise student achievement.

Effective Research Models are articulated in the Research Foundation Section of the SPSA. The research is rated according to the adopted ESSA ratings. All of our district programs are rated Strong or Moderate by ESSA research agencies. Our RTI Intervention Pyramids for English Language Arts and Math are also crucial for raising our student achievement.

## Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Barranca Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

### Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
American Indian	0.2%	0.17%	0.36%	1	1	2

Grade 3	108	87	83
Grade 4	106	97	88
Grade 5	100	96	103
<b>Total Enrollment</b>	598	573	557

#### Conclusions based on this data:

1. Barranca's largest student group is Hispanic/Latino at 81.87%.
2. Total enrollment has declined from 573 in 2021-2022 to 557 in 2022-2023.
3. Each year, for the past 2 years, enrollment declines from the previous year's kindergarten group to the next year's grade 1 group.

## English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	20-21	21-22	22-23	20-21	21-22	22-23
English Learners (EL)	40	54	57	6.7%	9.4%	10.2%
Fluent English Proficient (FEP)	59	48	40	9.9%	8.4%	7.2%
Reclassified Fluent English Proficient (RFEP)	10			25.0%		

### Conclusions based on this data:

1. The overall number of EL students has increased from 9.4% in 2021-22 to 10.2% in 2022-23.
2. There is a need for continued professional development, parent training, and resources in order to ensure students make annual progress and reclassify according to the district's EL Plan.

# School and Student Performance Data

## CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

**Conclusions based on this data:**

1. Overall achievement in ELA of "All Students" shows a 8.87% decrease in the number of students that met or exceeded standards from 2023 to 2024.
2. ELA achievement is highest in grade 3 but declined in 4th and 5th grades.
3. 5th Grade had the most significant decline of 12.88% from the previous school year.

## CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

1. ELPAC data indicates a 10.28% decline in the number of students scoring at level 4 from 2022 to 2023.
2. ELPAC data indicates a decrease in the percentage of students scoring "Well Developed" in three out of the four domains, from 2022 to 2023.
3. ELPAC data indicates an increase of 5.62% in the number of students scoring "Well Developed" in the writing domain.

## California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population			
<b>Total Enrollment</b>	<b>Socioeconomically Disadvantaged</b>	<b>English Learners</b>	<b>Foster Youth</b>
<b>557</b>	<b>68.4</b>	<b>10.2</b>	Students whose well being is the responsibility of a court.
Total Number of Students enrolled in Barranca Elementary School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2022-23 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	57	10.2
Foster Youth		
Homeless	10	1.8
Socioeconomically Disadvantaged	381	68.4
Students with Disabilities	71	12.7

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	14	2.5
American Indian	2	0.4
Asian	21	3.8
Filipino	15	2.7
Hispanic	456	81.9
Two or More Races	17	3.1
Pacific Islander	2	0.4
White	28	5

**Conclusions based on this data:**

1. Significant student groups are present in three categories including socioeconomically disadvantaged, students with disabilities, and English Language Learners.
2. The school's homeless population is a priority due to a temporary emergency shelter and local hotel providing housing to families experiencing homelessness.
3. The number of students with disabilities has increased significantly due to a district-wide program change.

## Overall Performance

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

### 2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
<b>English Language Arts</b>  Green	<b>Chronic Absenteeism</b>  Yellow	<b>Suspension Rate</b>  Blue
<b>Mathematics</b>  Green		
<b>English Learner Progress</b>  Red		

#### Conclusions based on this data:

1. School used progressive discipline and systematic SEL implementation to promote positive engagement and school climate.
2. Intervention for chronic absenteeism continues to be a priority.
3. Academic performance in mathematics is far below academic performance in English Language Arts.

#### Conclusions based on this data:

1. Overall achievement in ELA for students meeting or exceeding the standard has increased from 56% in 2022 to 60.15% in 2023.
2. The Hispanic category is the largest student group and scores in the medium academic performance range.

# School and Student Performance Data

## Academic Performance Mathematics

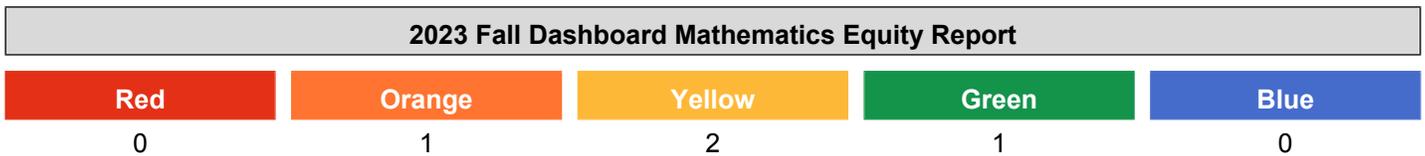

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

70.9 points below standard Increased +12.4 points  15 Students	9.3 points above standard Increased +11.9 points  17 Students	16.5 points below standard Increased +14.7 points  213 Students

**Conclusions based on this data:**

1. Overall achievement in Mathematics increased from 38.41% in 2022 to 43.91% in 2023.
2. All significant student groups, including socioeconomically disadvantaged, Hispanic, and English Learners score in the low academic performance range.

# District/School Goals Alignment

## LCAP Goals:

1. Our District will guarantee all students are eligible and prepared for college and careers upon graduation.
2. Our District will implement innovative, research-based programs and practices to ensure the highest level of achievement for all students.
3. Our District will create a school-wide program of engagement that fosters innovative, positive environments inside and outside of the classroom to connect students to school learning.
4. By June 2027, Fairvalley and Covina-Valley Learning Options Academy commit to elevating student engagement and academic outcomes, as well as enhancing the effectiveness and support systems for our educators. Progress will be measured through chronic absenteeism rates, Smarter Balanced Summative Assessment scores, stability rates, and surveys assessing student and teacher satisfaction and engagement.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal 1

### Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

#### English Language Arts

By June 2025, we will increase by 6% the number of 3rd-5th grade students who meet or exceed standards on ELA portion of the CAASPP based on the 2024 data.

By June 2025, we will increase by 6% the number of 1st-5th grade students who meet or exceed standards on the ELA portion of the i-Ready Diagnostic based on the 2024 data.

By June 2025, we will increase by 5% the number of students with disabilities who meet or exceed standards on the ELA portion of the CAASPP, based on the 2024 data.

### LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

1. Guarantee all students are eligible and ready for college and career upon graduation.
2. Implement innovative, research-based programs and practices to ensure the highest level of achievement for all students.
3. Create a schoolwide program of engagement that fosters innovative, positive environments within and outside of the classroom to connect students to school and learning.

### Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

\* Continue to increase the number of students who meet or exceed standards on the ELA portion of the CAASPP in order to ensure a pathway to college and career readiness.

\* Modify strategies and reallocate resources in order to address equity in ELA performance, as measured by the CAASPP, for students with disabilities.

### Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
CAASPP SBAC ELA	51.28% of students met or exceeded standards in 2024.	57.28% will meet or exceed Standards in 2025.
I-Ready ELA	59% of K-5th grade students were proficient or higher in ELA on the end of year diagnostic in 2024.	65% of K-5th grade students will be at or above level in ELA on the end of the year diagnostic in 2024.
CAASPP SBAC ELA for Students with Disabilities	15.15% of 3rd-5th grade students met or exceeded the standard in 2024.	20.15% of 3rd-5th grade students will meet or exceed the standard in 2025.

## Annual Review

### SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

### Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Strategies 1.2, 1.3, 1.5, 1.6, 1.7, 1.8, 1.9, 1.10 and 1.11 were implemented as intended and were effective based on overall iReady data. Strategies 1.1, 1.4, and 1.12 were not fully implemented as there is a lack of evidence of professional development and tutoring being full executed in every classroom at the school as reflected in CAASPP data.

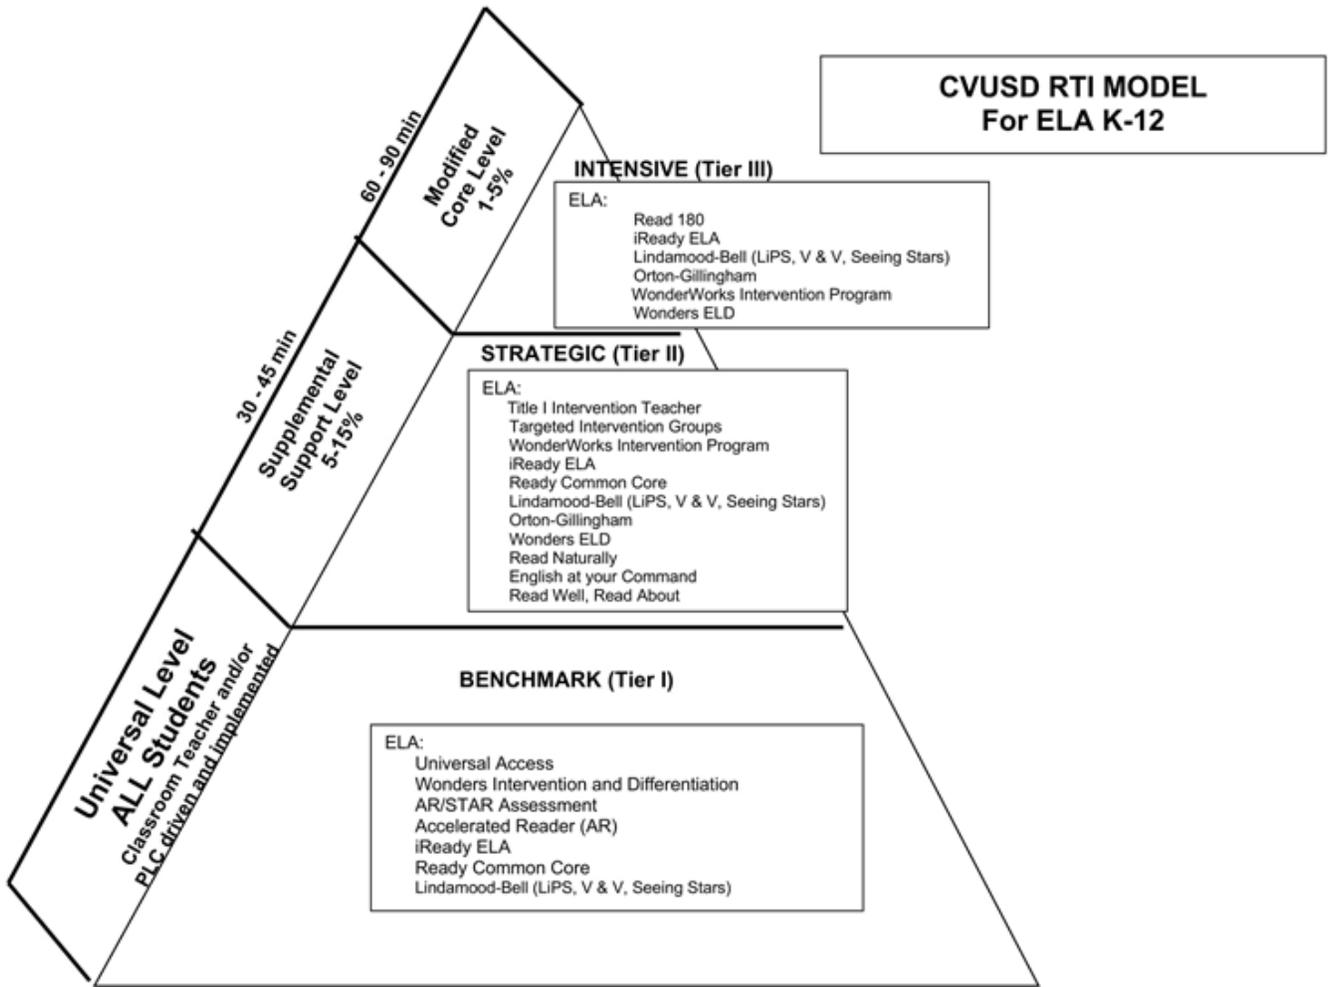

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Strategies 1.2, 1.3, 1.5, 1.6, 1.7, 1.8, 1.9, 1.10 and 1.11 were implemented as intended with budget expenditures aligning with the plan. Strategies 1.1, 1.4, 1.12 were partially implemented as intended with budget expenditures aligning with the plan.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Minor updates have been made to the identified need section to include consistent progress monitoring using iReady, IABs and Common Formative Assessment Data, which now incorporates baseline data and an expected outcome. All other annual outcomes, metrics, strategies/activities will remain unchanged.

## Annual Review

### SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

### Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Strategies 2.1, 2.2, 2.3, 2.4, 2.6, 2.7, 2.9, 2.11 and 2.12 were implemented as intended and were effective based upon iReady Data. Strategies 2.5 and 2.8 were not fully implemented as teachers were given the flexibility to utilize a variety of online platforms limiting these strategies effectiveness as evidenced by CAASPP Data.

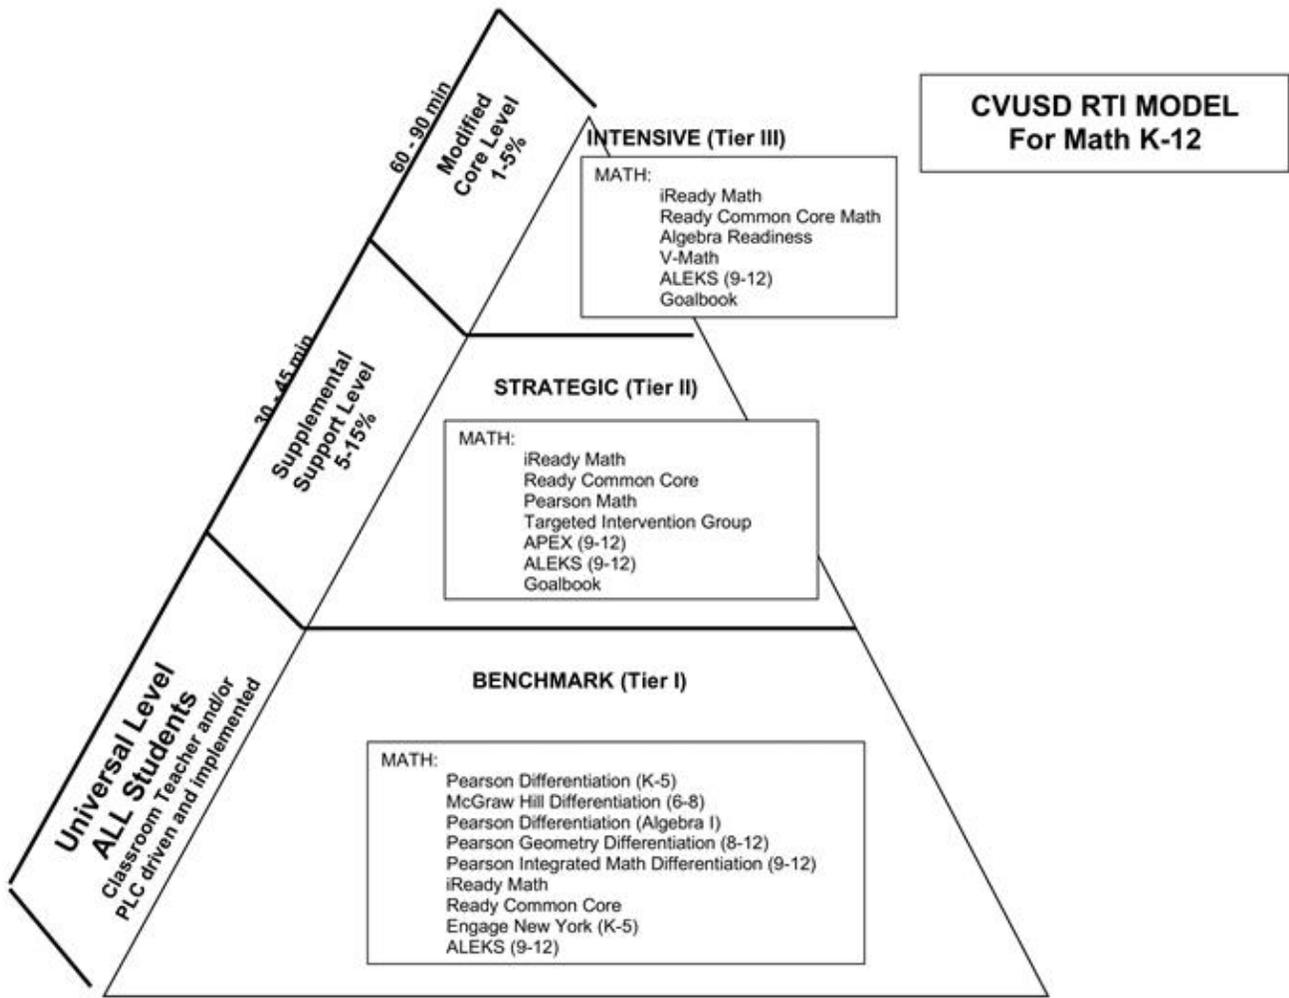

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Strategies 2.1, 2.2, 2.3, 2.4, 2.6, 2.7, 2.9, 2.11 and 2.12 were implemented as intended, with budget expenditures aligning with the plan. Strategies 2.5 and 2.8 were partially implemented with budget expenditures aligning to the plan though Strategies were not fully executed in every classroom.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Minor updates have been made to the identifies need section to include the elimination of Zearn in order to fully implement iReady. New action 2.10 was added to focus on standards-based teacher collaboration facilitated by administration to support students meeting the rigor of the Standards. All other annual outcomes, metrics, strategies/activities will remain unchanged.

## Annual Review

**SPSA Year Reviewed: 2023-24**

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

### Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal 10

### Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

### LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

### Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

### Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome

### Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

# School Safety Plan SB187

Pursuant to Education Code EC 35294 et seq., every school in California is required to develop a comprehensive school safety plan to address safety concerns identified through a systematic planning process. A school site council or safety planning committee shall review and update the plan by March 1st of each year. Each school shall report on the status of the plan in the annual School Accountability Report Card (SARC).

This is to certify that Barranca Elementary School has complied with Senate Bill 187 Comprehensive School Safety Plan requirements established by California Education Code EC 35294 et seq. And approved by our School Site Council for the current school year.

**Principal:** Courtney Sawyer

Signature

Date

In the 2002 legislative session, Senate Bill (SB) 1667, School Violence and Assembly Bill (AB) 2198: School Violent Crime were approved by the Legislature and became effective January 1, 2003.

SB 1667 requires the following school safety plan changes:

EC 35294 requires schools to hold a public meeting at the school site to allow members of the public the opportunity to express an opinion about the plan. SB 1667 amends EC 3524.8 to require schools to notify, in writing, the public of the meeting.

This is to certify that the Covina-Valley Unified School District has complied with SB 1667, pursuant to EC 35294.8 to notify the public of the public meeting.

District Representative: Fernando Sanchez. Director of Student Services

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Courtney Sawyer	Principal
Andrea San Filippo	Classroom Teacher
Vianey Rojas	Parent or Community Member
Sherry Graham	Classroom Teacher
Carla Villa	Classroom Teacher
Gerald Morell	Parent or Community Member
Desire Ventura	Parent or Community Member
Marcela Arevalo	Parent or Community Member
Roger Balderas	Parent or Community Member
Nicole Prado	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# English Learner Advisory Committee Members

## Barranca Elementary School

The English Learner Advisory Committee is the representative body responsible for advising the principal and staff on the development of the school plan and needs assessment, administration of the language census and importance of school attendance at schools where there are more than 21 students identified as English Language Learners. The current make-up of the council is as follows:

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

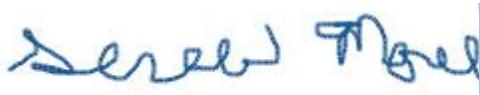

Signature	Committee or Advisory Group Name
	English Learner Advisory Committee
	Other: School Site Council

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 12/13/2023.

Attested:

	Principal, Courtney Sawyer on 12/12/2024
	SSC Chairperson, Gerald Morell on 12/12/2024

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

## Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

### **Additional CSI Planning Requirements:**

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

### **Additional ATSI Planning Requirements:**

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

## Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

### **Additional CSI Planning Requirements:**

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

### **Additional ATSI Planning Requirements:**

This section meets the requirements for ATSI.

## Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

**Additional CSI Planning Requirements:**

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

**Additional ATSI Planning Requirements:**

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

## **Comprehensive Needs Assessment**

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

**SWP Planning Requirements:**

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

**CSI Planning Requirements:**

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

**ATSI Planning Requirements:**

Completing this section fully addresses all relevant federal planning requirements for ATSI.

## **Goals, Strategies/Activities, and Expenditures**

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

**Additional CSI Planning Requirements:**

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

**Additional ATSI Planning Requirements:**

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

**Goal**

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

**Additional CSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

**Additional ATSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

**Identified Need**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

**Additional CSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

**Additional ATSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

**Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

**Additional CSI Planning Requirements:**

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

**Additional ATSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

## Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

**Additional CSI Planning Requirements:**

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

**Additional ATSI Planning Requirements:**

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

**Note:** Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

## Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

**Note:** *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

### Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

### Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

## Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

**Note:** *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

**Additional CSI Planning Requirements:**

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

**Note:** *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

**Additional ATSI Planning Requirements:**

**Note:** *Federal funds for CSI shall not be used in schools eligible for ATSI.*

## **Budget Summary Table**

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

## Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
        - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
    - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

## Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
  - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
  - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
  - b. Use methods and instructional strategies that:
    - i. Strengthen the academic program in the school,
    - ii. Increase the amount and quality of learning time, and
    - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
  - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
    - i. Strategies to improve students' skills outside the academic subject areas;
    - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
  1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

# Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at [SISO@cde.ca.gov](mailto:SISO@cde.ca.gov).

## Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

## Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

## Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

## Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
